We Have a Problem: Limited Space

- One of the fastest growing school districts in the province this year.
 - 1,000 additional students in the past 4 years
- Restored collective agreement language that restricts students with diverse learning needs has impacted the availability of space in our schools

The Challenge

- **Limited capital resources available (would involve land disposition)**
- **Goals is to balance all the needs of:**
 - 47 different schools
 - 20,000+ students
 - Thousands of parents
 - Passionate and dedicated community members
- **Ensure equitable access to amenities in all of our schools**
