~~Grade 9 research notebook Curriculum Unit 2022-24~~

Students need something to write with, something to write on, and a way to organize their work.

Student work will be submitted to teachers in duotangs (Some core subjects and exploratories). Students can use notebooks or lined paper for their written work. They can use a binder, a folder, or duotangs to organize their work before turning it in.

~~Students are responsible for their own work and should be held accountable for their work.~~

~~Students are responsible for their own work and should be held accountable for their work.~~
